Light up & Light up in Style

Presents

PRICE LIST
MARCH-2026

We are proud to define ourselves as an Channel Partner of Fumagalli in INDIA.
 FUMAGALLI - A worldwide leading company in the manufacturing of resin material outdoor lightings,

Fumagalli products are strictly manufactured at their factory located in varese (Italy), enabling to have full control about the quality and performance of all products.

PHILOMINA Lighting is one of the leading manufacturers in the architectural lighting market, featuring a comprehensive catalogue of proven quality, high-reliability lighting fixtures capable of offering the industry professionals the most innovative and alternative solutions at all times.

A full range of acclaimed architectural lighting products.

Philomina
 Light up & Light up in Style

Fumagalli created and developed a unique post technology, registered as FUMATECH. Fumatech technology grants to our lamps the same strength features of a metal post, combined with all the advantages in terms of rust and corrosion resistance that only a resin material can offer.

L'azienda Fumagalli ha creato e sviluppato un'esclusiva tecnologia per la fabbricazione dei pali, registrata come FUMATECH. La tecnologia FUMATECH assicura alle nostre lampade le medesime caratteristiche di solidità di un palo in metallo, con tutti i vantaggi in termini di resistenza alla ruggine e alla corrosione che solo la resina può offrire.

METAL POST COVERED BY RESIN

**50 YEARS
EXPERIENCE**

- ✓ Protected against corrosion.
Inattaccabile dalla corrosione.
- ✓ Not-fading colours (UV-rays stabilized).
Colori inalterati nel tempo (stabilizzati ai raggi UV).
- ✓ Double insulated.
Doppio isolamento.
- ✓ Rigid and shockproof.
Rigido e resistente agli urti.
- ✓ Fireproof.
Ignifugo.
- ✓ Light and easy to transport.
Leggero e facile da trasportare.
- ✓ Manufactured according to European Community's standards.
Fabbricato secondo le norme della Comunità Europea.
- ✓ High quality resin polymer sourced in Europe.
Resina polimerica di alta qualità fabbricata in Europa.

1 INNER METAL POLE STRUCTURE

Structural metal pole hot deep galvanized inside and outside by zinc bath immersion.

2 OUTER RESIN COVER

Outer coating of a single piece without joints made of shockproof resin material:

- Rust and corrosion-free
- Paste molded colors, UV stabilized
- Self-extinguishing on fire

3 EXPANSE

High Density rigid polyurethane provides lightweight and durable cohesion between the inner metal post and the outer resin cover.

ANTI CORROSION

Thanks to the outer resin material, Fumagalli lamps are protected against rust and corrosion, even if subjected to saline or polluted environments.
Grazie alla resina esterna le lampade Fumagalli sono protette da ruggine e corrosione, anche se esposte ad ambienti salini o inquinati.

NO MAINTENANCE

The colour of the outer resin coating is molded in the paste of material to grant the maximum durability over the time. No re-painting will ever be necessary.
Il colore della resina esterna è nella pasta stessa del materiale, per garantire la massima durata nel tempo. Non sarà più necessaria alcuna riverniciatura.

UV-RAYS STABILIZED

Fumagalli products are made of UV stabilized materials to avoid color fading of the outer surface under the sun. Ideal in hot and cold climate.
I prodotti Fumagalli sono realizzati con materiali stabilizzati agli UV per evitare che il colore della superficie esterna sbiadisca con il sole.

SAFE

CLASS II

The outer resin coating of Fumagalli products isolates the lamp from electrical discharges (double insulation Class II).

Il rivestimento esterno dei prodotti Fumagalli rende la lampada isolata dalle scariche elettriche (doppio isolamento Classe II).

UNAFFECTED BY CHEMICAL FERTILIZERS

Fumagalli lamps are not affected by chemical fertilizer or pollutants.

Le lampade Fumagalli non sono soggette a deterioramento dovuto a fertilizzanti chimici od agenti inquinanti.
